

FUNFORMATION DAY

The Stockport Partnership held its second Funformation day on Saturday 11th June in the Town Hall Ballroom to give an update on the Community Strategy and what's being done to make the quality of life better in Stockport.

The event was very well attended with over 500 people visiting a variety of information stands in the Ballroom and investigating the big council vehicles and fire engine on Lacey Street. Many positive comments were received from the people visiting who generally found the event both informative and fun.

The day was made successful by the wonderful ideas used to convey information on a wide range of services and the obvious hard work and effort put in by the staff and volunteers. There was something for all the family - face painting, henna hand painting, use of a cyber bike and cup stacking competitions, were just a few of the activities.

Many visitors informed us that they really enjoyed their time and learnt a lot about Council services, the Health Service, Police and other local partners in the process.

Children enjoying investigating the big vehicles

... and having their faces painted

The Mayor of Stockport welcomes everyone to the Funformation event
